Dear Stakeholders:

Re: OMDC Launches Online Research Library

OMDC is proud to announce the launch of its publicly accessible, fully searchable library of cultural industries research.

The direct link to the library is: <http://researchlibrary.omdc.on.ca>.

OMDC's Online Research Library is a digital library of information and documents on the cultural and entertainment industries in Ontario, Canada and around the world. The library hosts research from a wide variety of domestic and international sources. Documents are available for viewing or download in PDF format, or by link to the host's website. All content in the library is made available by permission of the copyright holders.

This database allows users to perform full content searches of the available documents by keyword, or quick browsing of the content through category searches. Users can also suggest documents for inclusion in the library and send feedback and comments.

We hope you find the library useful and look forward to your feedback. If you have any questions about how to use the library, please contact research@omdc.on.ca or call Jen Brown at (416) 642-6621.
